Pennsylvania is not one of them.

But such a plan is now pending at Harrisburg. It doesn't penalize anybody. If it is adopted, the employer with the worst rating will contribute no more than he contributes now-2.7 per cent of his payroll. But the employer who has the best rating (over a period of three years) will pay one per cent.

This measure is just to all employers, and would give all a strong motive to try to regularize the work they direct.

IMAGINE YOUR TOWN WITHOUT IT!

SCHOOL is a vital factor in a com-A munity's life and culture, anyone will admit. Chances are, however, most of us just take it for granted, forgetting the vast educational organization that must back it up.

A railroad, too, is often just taken for granted. Folks are likely to forget the thousands of workers and wealth of equipment required to keep the trains running through a town, whether anyone "takes the train" or not. Yet, it needs but a moment's thought to realize that, without the railroad, the business and cultural life of your community would be mighty different!

The sixty thousand B&O workers today are "all out" for Victory. When that Victory is won, the civilian needs of your town again will be the top job on our list. In the meantime, we're sure you'll agree that civilian requirements are being met quite adequately.

Workers Organized Into Army To Reach War Bond Sale In April Campaign

ELLWOOD CITY, March 30.

Ellwood City's definite goal for the second war bond victory campaign to get under way here in April, is \$728,615. Majors and captains were called into a special meeting last night to hear Chairman R. Charles Stiefel inform them of the plans to make the campaign here a success. Each ward in town has been divided up into a major, captain and workers division and it will be the army's duty in each ward to contact every home and urge ail surplus cash to be placed in war bonds so as to bring a quick and final ending to this war. Uncle Sam through the U. S. Treasury Department stated that even though everyone is on a payroll deduction plan, they should figure out some way to pick up someone's surplus cash and purchase a bond in this April campaign to raise \$13,000,000 throughout the nation.

Enthusiastic rivalry is expected to exist between the various wards in town and bond sales for each ward will be published weekly. The special steering committee for the campaign are: R. Charles Stiefei. H. R. Smith, W. F. Kegel, R. J Schill, W. L. Dean, Ralph Evans, L. J. Mason, Tom Ben, C. W. Carbeau and J. Ellis Bell.

Majors for the First ward are: Charles Blank and Adolph Lebowitz: captains for that ward are: Ray Aylesworth, Mrs. Gigliotti, Mrs. Eugene Lebowitz, Mrs. Allen Crowe. Eugene Lebowitz, Mrs. Wardman, and two more captains to be announced; major for the Second At Demonstration ward is Randall B. Luke, and captains are: Kenneth Irwin, William Meiter, Steve Rubino, Angelo Squicquero and Tom Patterson.

vergence of opinion appears to exist today between Washington and London concerning the postwar

Indications are that the divergence centers on the question of how and when to tackle some of the major problems that will confront the United Nations after the Axis powers have been defeated. In the first place, there is reason

to believe that British Prime Minter Winsson Churchill's proposal r a council of Europe and a counof Asia after the war has not a favorable reception in official American quarter

Secondly the State department wants to start talking turkey now about exactly what sort of a future world the United Nations are fighting to establish

Want No Discussion Now Churchill and British Foreign

Secretary Anthony Eden have made it clear that Britain does not believe it would be in the interest of Allied unity to engage in any detailed postwar political discussion until Germany has been defeated.

Churchill's proposal for an European and an Asiatic council is the main development on which official Washington interests in centering Apprehension prevails that the proposed councils smack too much of the old theory of a balance of power to dominate the world.

"Cart Before Horse" America's official postwar planners are not opposed to the idea of regional arrangements. However they fear that the council plan would put the cart before the horse. They have been thinking of a world organization in which all of the United Nations, and eventually even the defeated Axis powers, would subscribe to the principles of the Atlantic charter and become partners in a mutual security system to

FROM ME TO YOU

By MESEEALL So you think you are having a tough time . . . you think because of this campaign and that campaign for funds that you just won't be able to keep going. When you give to the American Red Cross you give to the boys who are on the battle fronts. The letters that come back from the men tell the story very plainly . . . some of the men take the Red Cross for granted and expect their workers to be on hand whenever the fighting men need them. . . . Your dollar and that extra "buck" that you gave might just be the buck that brings them back alive. . . . And the "Y" membership campaign, that is not a donation it is an investment in the health of our young men who will have to take over the load of running this nation in a few years. . . . If you have a son you will want him to meet his fellow men in a good clean sport . . . at the "Y" . . . if you don't have a son you might want to help some lad who hasn't

any chance of getting the necessary funds for a "Y" membership . . a good many men and WOMEN, yes, women, are helping the "Y" each year. Above we mentioned but two of our recent campaign . . . cach one worthy of your support. Each place you are getting more than your money's worth . . . helping your fellow man. It is better to give than to receive. . . . Now this coming month you will have a chance to make some money yourself . . . this time you will be

receiving. You alone will be getting the benefits of the money you

invest. Yes, friends there will be a second war loan campaign. . . . You are not asked to give one cent to the war loan campaign . . . you just lend your eash to the best government in the world and all the time they have your money they give you good interest. . . . So start thinking about the coming campaign. . . . Lawrence County citizens have always raised their quota for war funds . . . and this coming month will be no exception. Anyhow, any person who can gather up a few dollars and doesn't buy a war bend is just a damn fool that's all. Banks and insurance companies are smart concerns and when they buy bonds as fast as the government will sell them, then you know that you should be on that wagon,

A brand new set of golf clubs were lost Sunday afternoon on the road leading away from Castle Hills golf course . . . if any one found them won't you please call 5881 or 6423-R . . . your co-operation will be greatly appreciated.

Some Profit-Taking In Market Following An Early Rise

(International News Service) NEW YORK, March 30.—The stock market was slowed by profittaking today, after an early rise. While a number of issues slipped behind minus signs scores continued to move ahead and the general price averages at one time hit a new peak since November, 1940. Trading slowed as leaders backed
